***Subject to rejection over 20 ppb*

VOMITOXIN

Max 5 ppm
***Subject to rejection over 5 ppm*

INFESTED, MUSTY, OR SOUR

Infested, Musty or Sour loads will be rejected.

ADDITIONAL DETAILS

Title of ownership will be passed to CVA at the time of delivery. Contract overrun and grain delivered without a contract will be spotted out using the nearby bid at the end of the business day that it was delivered.

No storage, delayed price, or grain bank will be offered.

CVA will not issue payment for delivered grain until requested by the customer.

GRAIN RECEIVING NOTES:

- Please set up accounts and splits prior to delivery.
- Central Valley Ag reserves the right to not accept grain that is not contracted to prior to delivery.
- Straight trucks need to pay close attention to not raise the truck box too high, so it doesn't hit the roof. When exiting the pit, be sure the box is lowered completely to ensure it doesn't hit the overhead door.
